Serial Reports No. 2024-11

Publishing in Nature Research Journals

Speaker: Tegan Armarego-Marriott

Senior Editor

Nature Climate Change

Time: 9:30 am Jun. 21, 2024

Venue: Conference Room, Dingxiang Building
(丁香楼报告厅)

Person to contact: Liu Xiaojuan(刘晓娟), 62836051

Brief Introduction of Speaker

Tegan completed majors in Conservation Biology and Biochemistry followed by a PhD and postdoctoral work in Plant Molecular Biology, She joined *Nature Climate Change* in 2019, where she handles manuscripts related to biological and ecological responses to climate change - from genetic, physiological, and behavioural responses to community or global scale change - as well as topics such as human health and food security.

About the Report

A short talk (~30 minutes) discussing Nature journals and the content we publish, the editorial and review process, and tips for getting published with us. The talk will be followed by an open question session.
